

# MONTCLAIR CO-OP SUMMER PROGRAMS

## CO-OP CODERS

**Co-op Coders with Shelley Bedik and Nancy Bates  
rising 1st - 4th graders**

**June 26-30 2017 9:00 - 1:00**

*Learn the beginning basics of coding. Campers will use varied programs and materials, collaborate with others, develop problem-solving skills, and work their way through increasingly difficult challenges. We will work with [code.org](http://code.org), Scratch, Ozobots, Little Bits, and some offline activities to expand logical and computational thinking. We will also have snack, outside play, and do a little crafting as part of our camp day! Fee: \$300 per week.*

*Teachers: Shelley Bedik and Nancy Bates are both Montclair Cooperative School teachers. Shelley is the technology integration specialist and all-around-crafty person at the school. Nancy Bates is the upper school science teacher.*

MONTCLAIR COOPERATIVE SCHOOL 65 Chestnut Street Montclair, NJ
